PC Magazine Singapore Best Buy Award The ASUS S6F classifies itself as a luxurious ultraportable notebook, and it is not hard to see why. It incorporates a unique hand-embossed leather exterior which is probably the first of its kind. It measures 270.4 x 191.2 x 37mm with a surface area that is slightly smaller than a sheet of A4 paper, and weighs in lightly at 1.69Kg. Beneath the leather is an 11.1-inch WXGA TFT LCD display that supports 1366 x 768 pixels resolution. Powered by a 1.66GHz
